

GIST Korea Culture Technology Institute hosts ACC Creative Creation Forum

- Live online broadcast November 17 to 18 from the Asia Culture Center

20 ACT FESTIVAL 21

문화유산과 디지털 융합
Cultural heritage and Digital convergence

2021. 11. 17. WED — 11. 18. THU | 14:00 — 18:00

ACC 창제작 포럼

ACC 창제작센터의 융복합 콘텐츠 사례를 통해 문화예술분야의 기술적 활용에 대한 현황과 과제를 논의하는 자리를 마련하였습니다.
분야별 전문가분들을 모시고 ACC 융복합 콘텐츠 개발 현황과 문화유산의 디지털 융합 기술 및 활용에 대한 전문 지식을 공유하고 토론하는 대중적 학술 행사입니다.

GIST (Gwangju Institute of Science and Technology, President Kiseon Kim Kisun) Korea Culture Technology Institute (Director Moongu Jeon) will hold the 'ACC Creation Forum' for two days on November 17 (Wednesday) and 18 (Thursday) at the Asian Culture Center International Conference Room.

This forum is part of the Art & Creative Technology Festival (ACT Festival) held at the Asia Culture Center and is co-hosted by the GIST Korea Culture Technology Institute and the Asia Culture Center.

The theme of the forum was 'Cultural heritage and Digital convergence' and was prepared to share examples of contents combining digitization of cultural heritage and immersive media technology and to explore the direction of future creative production projects.

The first day of the forum introduces the content development process and discusses future tasks, centering on the presentation of realistic content cases supported by the Asia Culture Center.

GIST Korea Culture Technology Institute is planning to present 3D data and digital heritage in relation to the immersive content <Asia Maritime Silk Road and Sinan Ship> that is currently being developed.

On the second day of the forum, experts in each field will present cultural technologies for cultural heritage utilization and artificial intelligence-based cultural technologies.

Konkuk University Professor Dong-hwan Yoo will present 'The paradigm shift of digital museums, exhibition contents of intuition and realism,' and speakers, including Dr. Jin-ho Park, a digital restoration expert, and Wigiwick Studio Director Ki-joo Park will present cultural heritage reproduction and future prospects using artificial intelligence technology.

Those who wish to participate in the ACC Creative Forum can apply through the Asia Culture Center website (www.acc.go.kr), and it will be broadcast live through the ACC YouTube channel.
