

2022 「GIST Infinite Challenge Project」 Contest

We announce the team selection plan to carry out the GIST Infinite Challenge Project to foster convergence talent in 3C1P as follows.

April 7, 2022

Dean of Student Affairs and Admissions 김 근 영

1. Purpose and contents of 「GIST Infinite Challenge Project」

- Support for fostering creative convergence and complex talents with Creativity, Cooperation, Communication, Problem-solving (3C1P) required by the era of the 4th Industrial Revolution.
- Support for student-led creation and production activities to foster leadership as global researchers

2. Field of application

- ① **Creative Production Activities:** All areas related to university education such as humanities, society, culture, and science
- **3C1P Competency Enhancement Group Activities:** Learning in original fields, reading activities, strengthening foreign language skills, volunteer activities
- **Designated Field Activities:** Application/Web page development for public interest purposes (Ex. environment, health-care, barrier free, covid-19)

3. Eligibility for application

- GIST undergraduate students (2 to 6 team members)
- To increase project' s concentration, **in principle, one student may participate in one project.**
- Participants in the past Infinite Challenge projects (2016-2021) can also apply and participate.
- ※ **After completion of the project, the performance report and performance results must be submitted (if not submitted, completion is not recognized)**
- ※ **The project implementation team must comply with the quarantine rules to prevent the spread of COVID-19 (if not complied, they may be subject to sanctions).**

4. Period of implementation and the amount of project grants

- Performance Period: **May 2, 2022 ~ October 31, 2022 (6 months)**
- Course Credit: One credit may be given as a creative cultivation course(UC0202) (S/U, recognized after checking the activity history)
- ※ **It is recommended to complete course registration and credit recognition in the relevant year of activity.**

Activities	Project Grants
Creative Production Activities 3C1P Competency Enhancement Group Activities Designated Field Activities	Up to KRW 2.5 million based on the team's application review results. (The team whose guidance professor confirmed the appropriateness of the budget could be supported up to KRW 3 million)

※ **Project grants can only be provided if you have a Korean bank account.**

- Payment in two installments:

1st) 50% after Launching ceremony 2nd) 50% after Interim Review

※ **Project grants may be partially readjusted**

○ Implementation schedule (proposal)

Schedule	Main Content
March	Implementation plan, Public offering
April	Application form acceptance, Application examination
May	The preliminary meeting, Launching ceremony*, Commencement of a project
June~August	Interim Review meeting
September~October	Mentoring day
November~December	Submission of performance report*, The completion ceremony

* To prevent the spread of covid-19, it will be held on-line.

※ Launching ceremony, completion ceremony(performance presentation): **All students participate**/ pre-meeting, Interim meeting(Check budget execution details), Mentoring day(Check performance): **1 to 2 people per team participate**(Additional information such as submitting presentation materials before the event.)

※ The schedule listed above may be subject to change.

5. Selection and evaluation criteria and procedures

Selection and evaluation criteria

- The teams with an average score of less than 60 will be declined.

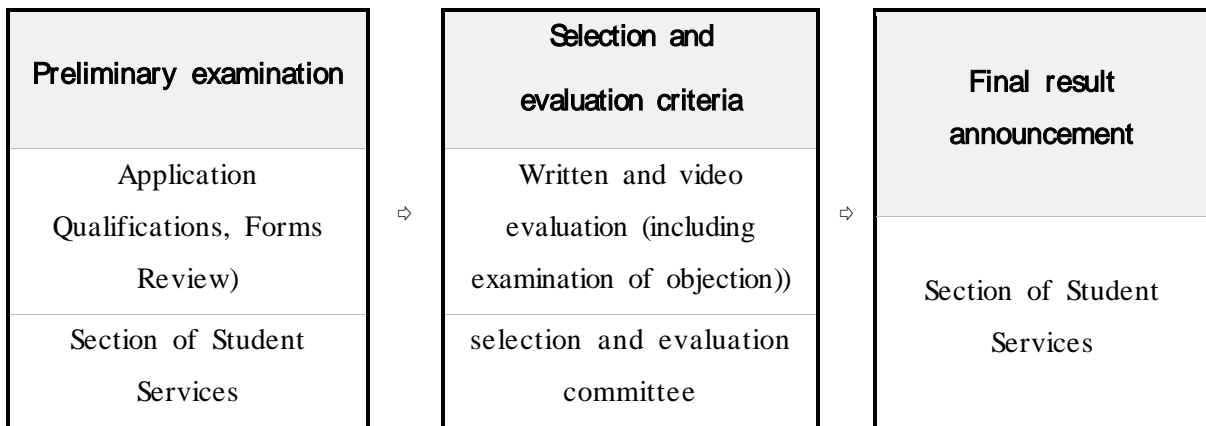

Evaluation category	Evaluation item	Evaluation criteria	Maximum allocation
Quantitative evaluation	Creativity	Originality, excellence, connection with the purpose of the Infinite Challenge project	40

	Potential power	Potential for future development	20
	Plan	Feasibility and specificity of the plan	20
	Budget	Appropriateness of budget	20
Total			100

- Criteria for grading evaluation scores (reference points)

Evaluation category	S (Excellent)	A (Good)	B (Normal)	C (Inadequacy)	D (Fail)
