

Announcement on 『2023 Promising Student Start-up Team 300』

“Promising Start-up Team 300” focuses on training for start-ups by growth stage targeting all students (elementary, middle, high school, out-of-school youth, and college (graduate school)) in Korea to **discover and nurture start-up talents equipped with entrepreneurship**. We are looking for student start-up teams to participate. We encourage your interest and participation.

March 31, 2023

Deputy Prime Minister for Social Affairs and Minister of Education

※ In case of any inconsistencies between the Korean and English announcement, the Korean announcement shall prevail.

I Competition Overview

Purpose

- Encourage students across the country with innovative ideas and technologies to take on entrepreneurial challenges and spread a nationwide start-up culture

Contents

- Discover promising student start-up teams, creating and disseminating successful commercialization models through support such as start-up training and mentoring for each growth stage.
 - Track segmentation by growth stage of start-ups (**Value-Up Track**, **Grow-Up Track**, **Startup Build up Track**) and implement customized training and mentoring for each start-up preparation stage
 - Operate a separate **Value-Up Track** for start-up teams of **international students** with excellent start-up items based on Korean and global to discover and nurture
 - Operate a separate **Grow-Up Track for Junior College Students** to discover and nurture junior college student start-up teams that will lead local communities and revitalization of the local economy

- Select around **35 Promising Student Start-up Teams** to advance to the integrated finals of 『ChallengeK 2023』, a Ministry-integrated start-up competition
- ※ “Value-Up Track” of 『2023 Promising Student Start-up Team 300』 serves as the preliminary league for 『ChallengeK 2023』, and only the teams selected at the Value-Up Track can advance to the finals

□ Operating System

- (Host) Ministry of Education
- (Organizer) National Research Foundation of Korea, Korea Entrepreneurship Foundation
- (Sponsor) Junior College LINC 3.0 Project Group Council

II

Qualifications and Disqualifications

□ Common Qualifications

- Teams consisting of students from Korean elementary, middle, high school, out-of-school youth*, college and graduate school**

(including students on leave of absence/those who completed the coursework)

* "Out-of-school youth(under 19 years old)" as defined in Article 2(2) of the "Out-of-School Youth Support Act"

** In the case of college (graduate) students, enrolled students, students on leave of absence, and students who completed the coursework can all apply, but graduates cannot apply.

- Preliminary start-up teams or start-up teams within 3 years*
(Founded after January 26, 2020)

* Start-up founder is defined with the start-up scope and business start date in accordance with Article 2, Paragraph 2 of the Small and Medium Business Startup Support Act.

□ Addition Qualifications

- (Value-Up Track_International Students) Start-up teams represented by an international student
- (Grow-Up Track_Junior College) Teams recommended by colleges** of the Leaders in INdustry-university Cooperation(LINC 3.0)

* Teams recommended by the school through school competitions or start-up club

□ Disqualifications

- If any of the disqualification criteria are met, you will not be able to participate in the competition.

< Disqualifications >

- ① A person(company) or item that has infringed on intellectual property rights such as patents and utility models of others, or is in the process of trial, such as litigation related to the infringement
- ② Entrepreneurship items of antisocial nature, such as raising speculative behavior and environmental pollution, and industries excluded from entrepreneurship under Article 4 of the Enforcement Decree of Korea's 「SUPPORT FOR SMALL AND MEDIUM ENTERPRISE ESTABLISHMENT ACT」
- ③ Award winners (including team members) or items (excluding special prize winners) at Ministry-integrated start-up competition ChallengeK the final round 2016-2022, 'King of Kings'
- ④ A person (team) who has received more than KRW 30 million in accumulated prize money through other start-up competitions in the past with the same or similar item as of the announcement date(26th January 2023)
 - ※ For preliminary start-ups, including the award of the team members. For those who already founded a start-up, the award of the representative is included only.
- ⑤ Teams (companies) with a cumulative investment attraction that has exceeded the amount of KRW 3 billion as of the announcement date(26th January 2023)

※ If the disqualification criteria related to eligibility are confirmed during the process, **measures such as disqualification and refund of prize money will be taken.**

□ How to apply

○ Deadline

- Value-Up Track_Students, International Students : May 3 (Wed)
- Grow-Up Track_Students, Startup Build up Track : June 14 (Wed)

○ (How to apply) Online application on Promising Start-up Team 300 Website (URL : u300.kr)

- ※ Check and download application documents through the announcement board and application page
- ※ Membership registration is required before application (including team members), but access to the website may not be smooth due to excessive access to the website on the deadline. We recommend that you apply 2-3 days in advance. Registration can be modified before the application deadline.
- ※ **For details on how to apply, refer to the 'Online Application Manual' in the announcement on the website.**
- ※ Teams that were rejected the Value-Up Track presentation evaluation (but passed the document evaluation) and those who completed the Startup Build up Track in 2022 **will be exempted from the first document evaluation** while submitting required documents when applying for the Grow-Up Track (Students).

○ Documents to be submitted and precautions when filling out

- **Application form and pledge:** Be sure to sign in the signature block
- **Consent form for collecting and using personal information:** Be sure to sign in the signature block
- **Proof of enrollment or leave of absence:** Only those issued after the announcement date (March 31, 2023) are valid(submitted by all team members)
- ※ When submitting a proof of enrollment or leave of absence, submit the original document with the school seal stamped on it. If the school seal is omitted, it will not be valid.
- ※ For elementary/middle/high school students, it can be replaced with a certificate of enrollment or a photo of student ID card.
- ※ In the case of out-of-school youth, it can be replaced with a participation consent form from a legal guardian or 'Out-of-school youth support center manager'.

- (Value-Up Track_International Students) For international students, submit foreign identification documents.
- ※ Copy of alien registration card or passport
- **Proof of participation:** Signed and sealed by the dedicated teacher or employee in charge of start-up training from team representative's affiliated school
- ※ In the case of out-of-school youth, it is replaced with a participation consent form from a legal guardian (parent or other legal guardian)
- **Business Plan:** Write according to the format (Pictures and tables can be inserted)
- ※ Submit an item(idea) introduction for 'Startup Build up Track'
- **Certificate of business registration:** Only the start-ups founded before the Announcement date of the integrated finals (January 26, 2023)
- **Others:** When applying online, "Region" must be selected based on the team representative's affiliated school

< Regional Unit >

Regional Unit	Area
Seoul Metropolitan Area I	Seoul
Seoul Metropolitan Area II	Gyeonggi-do, Incheon
Chungcheong	Daejeon, Sejong, Chungcheongbuk-do, Chungcheongnam-do
Honam/Jeju	Gwangju, Jeollabuk-do, Jeollanam-do, Jeju-do
Daegu/Gyeongbuk/Gangwon	Daegu, Gyeongsangbuk-do, Gangwon-do
Southeast Area	Busan, Ulsan, Gyeongsangnam-do

□ Precautions (※Must-read)

① Application and Reception of the Competition

- **Participation can be done in team units (3 to 5 people including the team representative), and only one team per person can apply for participation.**

※ In the case of college (graduate) students, enrolled students, students on leave of absence, and students who completed the coursework can all apply, but graduates cannot apply.

※ The finalists of 2016 - 2022 'Promising Start-up Team 300' can apply.

(However, if applying with the same item as before, developments compared to the past must be reflected in the business plan.)

※ When a team composed of students (enrolled/on leave) from multiple schools applies for the Grow-Up Track, the team participates in the region of the school **where the team representative's school belongs.**

- **'Startup Build up Track' can be applied only when all team members do not have business registration record.**

- Duplicate application among tracks is not available. However, it is possible to reapply for 'Grow-Up Track'(Students after rejected for the Value-Up Track.

- **Only one business(item)** can be applied for per participating team in this competition

- **The contents of the application form**, such as the participation track, team name, and project item name, **cannot be changed after the deadline. However, team members can be changed only in the following cases.**

<If a team member is changed before the final selection>

1. **Request for a change of team member is possible only during the following period.**

※ **After announcing the results of document evaluation by track until the deadline for submitting materials for presentation review**

2. **Deductions(5 points) are given during the presentation evaluation if a team member is changed.**

3. After the final selection, **'2023 Promising Student Start-up Team 300 Certificate (Minister of Education)' is issued** based on the changed list of team members and only for the participating teams in the '2023 Promising Start-up Team 300 networking'.

- For participants of 'the Value-Up Track', it is not allowed to participate in other 『ChallengeK 2023』 Ministry leagues (Ministry of SMEs, Ministry of Science and Technology, Ministry of Culture, Sports and Tourism, etc.) at the same time.

- If the application form and business plan are falsely written, all support benefits will be canceled and refunded, and participation in the project will be banned for the next three years.

- **If the submitted documents are incomplete or do not qualify for participation**, you will be excluded from the evaluation without further announcement. Please strictly follow the submission form and check your eligibility. All submitted documents will not be returned.

- **PDF file recommended for submission** (※ The operating institution is not responsible for broken fonts or designs.)

② Selection and evaluation

- As a rule, **all business plan announcements** made during the course of the competition **must be carried out by the team representative**.
 - ※ Deductions (5 points) are given in the evaluation if a team member other than the team representative presents.
- Presentation materials must be submitted in advance for presentation evaluation.
 - ※ Submitted presentation materials are used as proof of participation in the evaluation and as reference materials for the evaluation committee, and may be disqualified if not submitted.
 - ※ Submitted presentation materials will be used as materials for a white paper after the competition ends.
- The judges participating in each evaluation are university start-up fund officials or venture investment experts such as AC/VC.
- 48 teams for 'Grow-Up Track(Students)' and 12 teams for 'Startup Build up Track' with a female representative will be finally selected.
 - ※ Additional selection may be considered if it is less than the number of teams above.
- If the number of participating teams for each track is less than the final selection size, the recruitment period may be extended.
- The number of teams in the finals by region for 'the Grow-Up Track(Students)' is based on the number of participating teams and participating schools.

③ Operation of the Competition

- All details of schedule are subject to change depending on circumstances.
- **Failure to attend the 2023 Promising Startup Team 300 Networking (Official offline event and online mock investment competition) after all track selections will result in disqualification from the final selection.**
- **The prize money from this competition will be paid to the team representative, and the team representative will be responsible for taxes and public charges.**
- Only teams that participated in both the online mock investment competition and offline networking in August will be issued a **certificate for '2023 Promising Student Start-up Team 300' (in the name of the Minister of Education)**.

④ Other Information

- **Disadvantages and responsibilities arising from not knowing the contents of the announcement, not checking or not reading the announcement on the contest website, etc., are the responsibility of the applicant him/herself.**
- **All civil and criminal responsibilities arising from copying other people's ideas, technologies, and intellectual property rights lie with the team representative.**
- Guidance on "Claim for Exception to Announcement of Ideas" in Korea

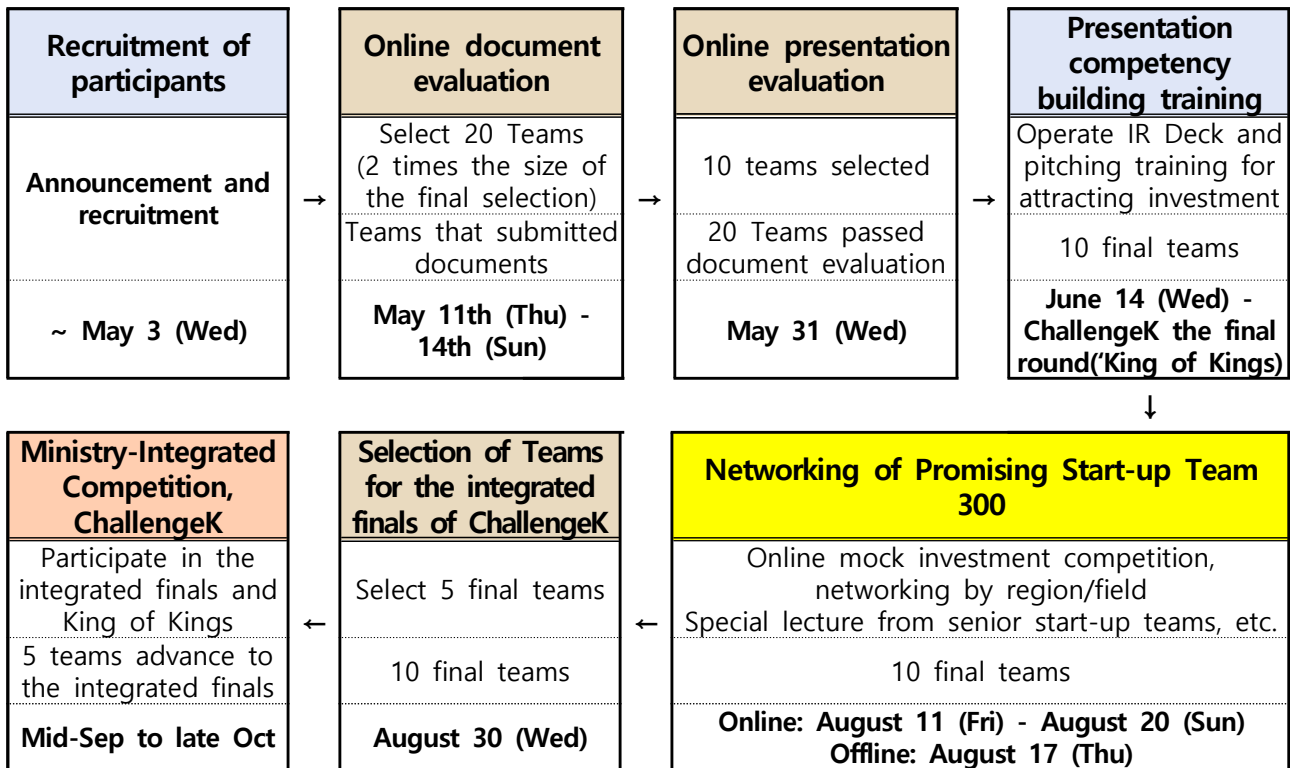

A contributor of an idea may obtain a patent or license with Article 30 of the Patent Act (in the case of an invention that has not been publicly announced) or Article 5 of the Utility Model Act (in the case of an invention that has not been publicly notified) within 12 months from the time the idea is announced or disclosed. A utility model application and a design application can be filed with Article 8 of the Design Protection Act (an exception to loss of novelty) within 6 months from the time the competition is announced or published.

- **Business start date is based on January 26, 2023, the announcement date of 「ChallengeK 2023」, an integrated start-up competition among Ministries.**
 - ※ Those who started business after January 26, 2023 are considered as preliminary start-ups.
- **A commendation from the head of the host organization (3 points) and incentive will be awarded to school teachers or staff who have contributed to the operation of the competition (recruitment, selection, etc.)**
- If there is a violation in the competition announcement and related regulations or false entries or omissions in the business plan, you may be subject to disadvantageous measures such as cancellation of selection and refund of prize money.
- In case of a false application or fraudulent support, imprisonment for up to 10 years or a fine of up to KRW 100 million may be imposed by the 「Subsidy Management Act」
- Disadvantages may apply in the evaluation if social controversy such as wage arrears, tax arrears, industrial accidents, unfair practices, etc. are revealed.
- For inquiries other than the information in the announcement, contact us through the 'Kakao Channel', Korea's social network application.
(Channel Name: Promising Start-up Team 300, https://pf.kakao.com/_xiAyNd)
