

GIST violates its obligation to establish a council... "Disruption in development plan" report

(2023. 10. 24. / Reported by Yonhap News, Herald Economy, Nocut News, etc.)

<Explanatory materials>

○ Press contents

- According to data received from the Gwangju Institute of Science and Technology (GIST) by Representative Hyeong-bae Min (Democratic Party of Korea, Gwangju Gwangsan-gu), a member of the National Assembly Science, Technology, Information, Broadcasting and Communications Committee, on the 24th, GIST did not form a council as specified in the Gwangju Institute of Science and Technology Act.

○ Related facts

1. (Progress) From 2018 to 2021, seven meetings of the promotion committee were held to form the council, but no agreement was reached due to differences of opinion on the number of people in each job group, so the council was not formed.
2. (Status) At a meeting held on Monday, October 23, 2023, it was agreed on the composition of personnel by job group and the enactment of regulations.
3. (Plan) (2023) We plan to establish the articles of incorporation and operating regulations through the regular board meeting in December and launch the council within this year.
